  - Choose what responsibilities the members have

- Created a final project repository in GitHub and created the main index file and the necessary project folders
- Started working on the nav bar
- Started creating a mood boards
- Started gathering information for the project idea
- Work with the accessibility for colour blindness in the moodboard
- Out of wanting to create a Facebook and Twitter page for the company, we started brainstorming company names and logos.
- Ideas, Discussions and Informations gathered
  - In the FAQ have an answer where we describe our monitorization methods
  - Bjørge will create a Facebook and Twitter account for the company. So we started brainstorming Names and logos
    - Brainstorming and writing names and inspiration paper for everyone to see and contribute
    - Decided on name: “Redd Maten” “Food Rescue
  - Found a font called “Railway RAL” that we want to use.
  - Ivana’s moodboard
    - We liked the first version of her moodboard, but discussed about how bad it would be for people with colour blindness

- 1#
- Changed the contrast color to make it more accessible

- 2#

---

Until next time and next meeting
