### What was done from the last meeting

- Made the website more responsive

---

### What we did not do from the las meeting

- Make the about us page big enough so that the header gets pushed down
- Make the prototype for the app more visible

---

### What we did today

- Translate app images
- Change the color of the highlighted text on the front page, and maybe make it into a button
- Decide on if we want the logo wo have the black or brown thingies on it
- Add images to the social media sites
- We need to check everything for this: "Color contrast is minimum of 4.5:1 or according to WCAG Guidelines 1.4.3"
- Fixed the about us page to push down the footer
- A lot of testing and bug fixes
- Added the last of the documentation on the source page
- Student server set up for the website
- Check the page on tingtun checkers
- Sent in the group evaluation
- Text corrected all the pages

**This was the last meeting!**
